**CLASS ACTION SETTLEMENT AGREEMENT**

This Class Action Settlement Agreement (“Agreement”) is entered into by and between Plaintiffs BARBARA GENTA and KRISTOPHER FISHER (collectively “Plaintiffs”), individually and on behalf of the proposed Class defined herein, on the one hand, and Defendant 3D IDAPRO SOLUTIONS, LLC (now known as LINKONE POTATO SOLUTIONS, LLC) (“Defendant”), on the other hand. This Agreement is intended to fully, finally, and forever resolve, discharge and settle the claims and defenses with respect to Plaintiffs and the Class in *Genta v. 3D Idapro Solutions, LLC*, Case number 2:19-cv-00285-SU (D. Oregon) (the “Action”), with prejudice, upon and subject to the terms and conditions of this Agreement, and subject to final approval of the Court as set forth below. In this Agreement, Plaintiffs and Defendant may be referred to individually as a “Party” or collectively as “Parties.”

**Background**

1. On February 26, 2019, Plaintiffs, individually and on behalf of themselves and all others similarly situated, filed a Class Action Complaint and Jury Demand against 3D Idapro

Solutions, LLC in the United States District Court for the District of Oregon, Case number 2:19-cv-00286-SU. (Exhibit 1).

2. Plaintiffs allege damages arising from Defendant's operation of its food dehydration and processing facility located at 405 Hoosier Road, Stanfield, Oregon 97875 ("Facility").

3. Plaintiffs also allege, among other things, that "Plaintiffs property has been and continues to be physically invaded by noxious odors[]" (Compl. at ¶ 9), and that "[t]he noxious odors which entered Plaintiffs property originated from the facility, where they are generated as a result of Defendant's manufacturing process." (*Id.* at ¶ 10).

4. Plaintiffs assert claims against Defendant for nuisance and seeks compensatory damages, punitive damages, attorneys' fees, costs, and other relief.

5. Plaintiffs' proposed class includes all persons within a defined geographic area, which is defined herein as the "Class Area."

6. The parties have engaged in informal discovery and they have engaged in settlement discussions through their respective counsel and have agreed to the terms upon which this action will be settled (pending Court approval) as reflected below.

#### **1. The Settlement And Denial Of Wrongdoing**

1.1 Plaintiffs, individually and on behalf of the Class Members, voluntarily and with full knowledge of their rights and with the benefit and advice of Class Counsel, now desire to settle, compromise, and dismiss the Action and all claims the Plaintiffs and Class Members have or might have had against Defendant arising from its operations at the Facility with prejudice and to release Defendant upon the terms and conditions set forth below.

Based upon their discovery, investigation, and evaluation of the facts and law relating to

the matters alleged in the Action, Plaintiffs and Class Counsel represent that they have agreed to settle the Action, pursuant to the terms of this Agreement, after considering such factors as: (i) the substantial benefits to Plaintiffs and the Class under the terms of this Agreement; (ii) the uncertainty of being able to prove the allegations in the Action; (iii) the uncertainty of being able to overcome Defendant's defenses thereto, including, but not limited to, defenses based on: statutes of limitations; lack of damages; failure to meet class certification standards; laches; causation; waiver; the alleged conduct being in substantial compliance with applicable environmental laws; failure to mitigate damages; preemption; and Defendant acting in good faith; (iv) the attendant risks of litigation, especially in complex actions such as this, as well as the difficulties and delays inherent in such litigation; (v) the difficulty of certifying a class; (vi) whether the terms and conditions of this Agreement are fair, reasonable and adequate; (vii) whether it is in the best interests of the members of the Class to settle the Action as set forth in this Agreement; and (viii) the desirability of consummating this Agreement promptly to provide effective relief to Plaintiffs and the Class without delay.

1.2 Defendant expressly denies any wrongdoing alleged in the Action and does not admit or concede any actual or potential fault or liability in connection with any facts or claims, which have been made or could have been based on the factual allegations made against it in this Action. Defendant disputes that, absent settlement, a class would be manageable or that common issues predominate over individual ones, and further denies that a litigation class properly could be certified on the claims asserted in this Action. However, solely for purposes of avoiding the expense and inconvenience of further litigation, Defendant does not oppose the certification of the Class for settlement purposes only. Certification of the Class for settlement purposes shall not be deemed a concession that certification of a litigation class is appropriate, nor would Defendant be

precluded from challenging class certification in further proceedings in this Action or in any other action if the Agreement is not finalized or finally approved. If the Agreement is not finally approved by the Court for any reason whatsoever, certification of the Class is voidable by either Party. In such event, no doctrine of waiver, estoppel or preclusion will be asserted in any litigated certification proceedings in this Action. No agreements made by or entered into by Defendant in connection with the Agreement may be used by Plaintiffs, any person in the Class, or any other person to establish any of the elements of class certification in any litigated certification proceedings, whether in this Action or any other judicial proceeding.

Defendant is entering into this Agreement to avoid the expense, time, and risk associated with the continued defense of the Action through additional dispositive motions, class certification, trial, and any subsequent appeals. Defendant also has considered the uncertainty, difficulty, and delays inherent in litigation, especially in this complex class action. Therefore, Defendant believes it is desirable that this Action and the Released Claims be fully and finally compromised, settled, dismissed with prejudice, and barred pursuant to the terms set forth herein. Neither the fact of Settlement, this Agreement, nor any consideration thereof, nor any actions taken to implement the terms of this Agreement are intended to be, nor may they be, deemed or construed to be an admission or concession of liability or of the validity of any claim or of any point of law or fact based upon, arising out of, relating to, or otherwise in connection with the allegations asserted or that could have been asserted in this Action, and shall not be deemed or construed to be an admission or evidence for any purpose whatsoever.

1.3 For all the reasons set forth in Section 1, the Parties believe it is appropriate for the Court to certify the Class for settlement purposes only, based upon the unique facts of this case and specific terms outlined in this Agreement.

4.2 Notice of this Settlement Agreement shall be given to the Plaintiff Class in the form attached as Exhibit "3". The Plaintiff, Plaintiffs' Counsel, and Defendant agree that the most

appropriate method of providing notice of this Settlement Agreement to the Class members is as follows:

- b) The Class Member failed to provide adequate support of their claim pursuant to a request of Plaintiffs' Class Counsel;
- c) The Class Member seeks damages that are not covered by the terms of the Agreement;
- d) Failure to fully complete and/or sign the Claim Form;

- l) The claim was previously settled by Defendant; and/or
- m) The Claim Form otherwise does not meet the requirements of this Agreement.

4.8 Plaintiffs' Class Counsel shall determine the approved claim amount for a Class Member who has submitted a Claim Form based upon the information contained in a Class Member's Claim Form and the proof of damage documentation that was attached to the Class Member's Claim Form. At the Fairness Hearing, Class Counsel will request that the Court approve its reasonable fees and costs as set forth in Section 9 of this Agreement.

## 5. No Tax Liability

No opinion concerning the tax consequences of the Settlement have been given or will be given by Defendant, Defendant's Counsel, Plaintiffs or Class Counsel to Plaintiffs or any Class

Member, nor are any representations in this regard made or any warranties made by virtue of this Agreement. The Class Notice shall direct Class Members to consult their own tax advisors regarding any federal, state, local or other tax consequences of the Settlement. Plaintiffs and each Class Member's tax obligations (including assessments, penalties, interest or payments that arise or may arise as a result of the Settlement, and the determination thereof) are the sole responsibility of the Plaintiffs and each Class Member, and it is understood that the tax consequences may vary depending on the particular circumstances of each Class Member.

6.1 Upon entry of the Final Judgment, Plaintiffs and each Settlement Class Member agree that they have, and by operation of the Final Judgment shall be deemed to have fully, finally, and forever compromised, released, resolved, waived, relinquished, discharged and settled all of the Released Claims against the Released Parties.

6.2 The release and covenant not to sue shall be effective and binding on Plaintiffs, and each Settlement Class Member upon entry of the Final Judgment without any further action of the Parties required.

## **7. Permanent Injunction—Plaintiffs**

The Final Judgment shall, among other things, provide that Plaintiffs and each Class Member—excluding those who elect to opt-out and comply with the opt-out procedures described herein—are forever barred and permanently enjoined from commencing, instituting, prosecuting, intervening in, participating in or receiving any benefit or other relief from any action or other adversary proceeding of any kind in any jurisdiction, in any court of law or equity, arbitration, lawsuit, or administrative forum, directly or representatively, against the Released Parties, with respect to any, some or all of the Released Claims, or relating in any fashion to the Action or the

Defendant will take no position as to Class Counsel's motion or application for an award of reasonable attorneys' fees, expenses and costs.

9.2 Plaintiffs may also seek compensation as a class representative to be paid from the Settlement Funds at the Fairness Hearing. Defendant will take no position as to Plaintiffs' motion or application for an award of compensation as a class representative.

9.3 Plaintiffs will deduct from the Settlement Funds the following expenses reasonably incurred after the execution of this Agreement: any publication, printing, postage, or mailing costs of the Class Notice; fees and disbursements approved by the Court to the Administrator (if any), and any other third-party contractors engaged by Plaintiff; and the amount of reasonable attorneys' fees and costs determined by the Court.

9.4 Defendant shall not be liable or obligated to pay any attorneys' fees, expenses, costs, or disbursements, or incur any expense on behalf of any person, either directly or indirectly, in connection with this Action or this Agreement, other than solely to pay the Settlement Funds specified herein.

11.1 This Agreement shall terminate at the sole option and discretion of Plaintiff, or Defendant if: (i) the Court, or any appellate court(s), rejects, modifies or denies approval of any portion of this Agreement, the Settlement, or the Final Judgment (except to the extent there is any rejection or modification of the amount of attorneys' fees to be awarded to Class Counsel) that any Party in its sole judgment and discretion determines is material, including, without limitation, the terms of relief, the findings of the Court, the definition of the Class and/or the terms of the Released Claims; (ii) the Court, or any appellate court(s), does not enter or completely affirm, or alters or expands, any portion of the Final Judgment (except for the amount of attorneys' fees to be awarded to Class Counsel) such that any Party in its sole judgment and discretion determines is material; or (iii) at the sole discretion of Defendant, if more than ten (10) percent of Class Members opt out of the Agreement; provided, however, that Plaintiffs may not terminate this Agreement because the Court, or any reviewing court, modifies or reduces the attorneys' fees awarded to Class Counsel.

11.2 A Party must exercise the option to withdraw from and terminate this Agreement, the Settlement or the Final Judgment, as set forth in this Section 11, no later than fourteen (14) business days after receiving actual notice of the event prompting the decision to terminate.
